MESSA ABC & MESSA Balance+

Free preventive prescriptions

MESSA ABC and MESSA Balance+ plans include an extensive list of free preventive prescriptions that are covered at no charge — no deductible, no copayment and no coinsurance. This helps MESSA members stretch their health care dollars and limit out-of-pocket costs.

In order to be included on the free preventive prescription list, a medication must fall under one of the following categories:

- Alcohol dependence
- Breast cancer prevention
- Cholesterol-lowering agents
- Colonoscopy-related medications
- Contraceptives
- Fluoride preparations
- Blood pressure-lowering agents
- Prenatal vitamins
- Pre-Exposure Prophylaxis (PrEP) for HIV
- Smoking cessation
- Weight loss

Taking advantage of MESSA's free preventive services and prescriptions is an important part of maintaining good health — and it could help avoid higher-cost services such as emergency room visits and hospitalizations.

If you have any questions, call MESSA's Member Service Center at 800-336-0013; we'd be happy to help you.

IMPORTANT

This list is frequently updated to keep pace with the rapidly changing prescription drug market. This version is current as of **October 9, 2026**. MESSA ABC and MESSA Balance+ members can view our most up-to-date list on **messa.org/FreeRx**.
