

AllianceRx (Walgreens specialty) pharmacy list of specialty medications

Members can receive these drugs through the mail from Alliance Rx (Walgreens Specialty) Pharmacy (866.515.1355) or at a retail pharmacy. Prescriptions will always be filled with a generic, if available, keeping your copayment low. If you desire a brand name drug when a generic is available, you may be responsible for costs over and above your copayment amount. The additional costs may be significant. If your doctor feels there is a medical necessity for a brand name, ask your doctor to contact the Pharmacy Clinical Help Desk for an exception based on medical necessity. For a full description of your benefits, please refer to your prescription plan booklet.

Listing as of March 2019 (This list may change from time to time.)
